## MAKERS OF WARRIOR

Liberty Shoes is India's most trusted footwear brand. With almost 70 years of experience in the footwear industry, it is ranked No.2 in India and is one among the top 5 manufacturers of leather footwear in the world. With an integrated infrastructure facility that includes five manufacturing facilities and an in-house tannery to synergize traditional workmanship with state-of-the-art technology, Liberty is an ISO 9001:2015/SA 8000, European Norm ISO 20345 and BIS Norm IS 15298 certified company. Powered by an integrated SAP - ERP system that has been in operation for over 20 years and an IT network facility interconnecting all the plants & customers with an in-house CAD-CAM, R&D & full-fledged NABL Testing Laboratory (ISO/IEC 17025:2017 Std.), Liberty ensures professional supply chain solutions with the help of its unique Theory Of Constraint (TOC) Methodology. With vibrant presence in more than 25 countries that include major fashion destinations like UK, USA, Germany, France, Italy, Singapore, etc., today, Liberty provides a wide range of fashionable and trendy footwear that includes a basket of industrial and safety shoes under WARRIOR brand, marketed by Institutional Sales Department.

## MAINTENANCE TIPS

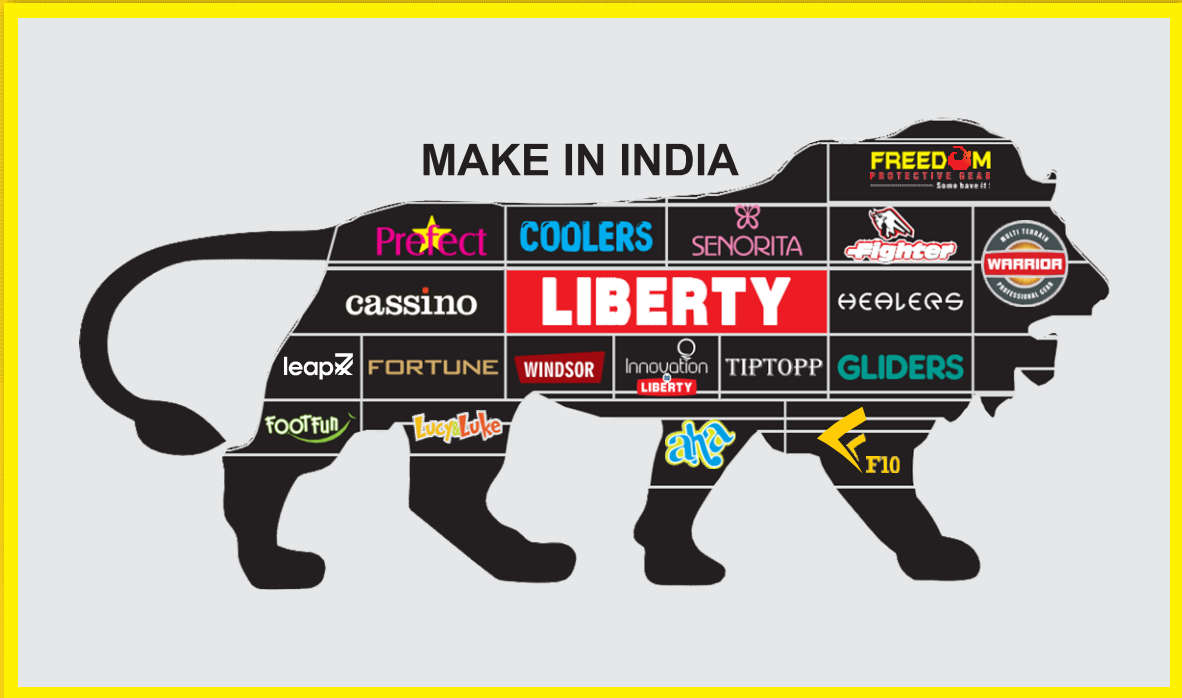

THE SHOE MUST BE USED FOR THE PURPOSE FOR WHICH IT HAS BEEN DESIGNED

# PERFORMANCE AND TECHNICAL FEATURES

	<p><b>Antistatic</b> Shoe having electrical resistance between 100k Ohms to 1000M Ohms</p>		<p><b>ESD</b> Safety shoe with electrical resistance ranging from 100k Ohms to 100M Ohms</p>
	<p><b>Water Resistant</b> As per latest standards</p>		<p><b>Genuine Leather</b> Din/Non Din made by inhouse tannery</p>
	<p><b>Feather Light</b> PU sole provides optimum comfort and reduces fatigue</p>		<p><b>Oil/Acid Resistant</b> Outsole offers protection on work surface prone to oil spills. Sole is oil and acid resistant.</p>
	<p><b>Antiskid</b> Slip resistance as per latest industry standards</p>		<p><b>Heat Resistant</b> Specially designed light weight rubber outsole withstands temperatures upto 300 degree C</p>
	<p><b>Electrical Insulation</b> Footwear (EIF)/(HVI) Resistant to high voltage</p>		<p><b>Penetration Resistant</b> Withstands nail penetration upto 1100N by providing Steel/Kevlar (Non metal) midsole</p>
	<p><b>Toe Cap</b> High quality steel/fibre toe to withstand energy upto 200J</p>		<p><b>Fabric</b> Superior quality fabric not only enhances the look and comfort, but can also be customized for water repellent property</p>
	<p><b>Shock Absorber</b> Being a PU sole, it absorbs the shocks/jerks during work</p>		<p><b>100% Metal free</b> Footwear entirely made of metal free components which are light weight and do not set off security alarms</p>
	<p><b>Mono/Dual Density</b> PU/PU, PU/TPU, PU RUBBER</p>		<p><b>Cold Protection</b> Footwear specially designed and produced to ensure perfect thermal comfort for the wearers in low temperatures</p>
	<p><b>Abrasion Resistant</b> Being a PU outsole, the abrasion resistance is much better than other common outsole materials</p>		<p><b>Ankle Protection</b> Footwear protecting ankle against accident impacts</p>
	<p><b>All Terrain/ Weather Shoe</b> Shoe is customized as per requirement</p>		<p><b>Metatarsal Protection</b> Footwear against metatarsal protection upto 100J impact which protect the instep against the accident fall of heavy objects</p>
